

Parent Engagement Policy

Roseburn Primary School 2017-18

Parents as Partners At Roseburn

Home/School Communication

“It is widely recognised that the more involved parents are in their child’s learning, the better the pupil performs at school.”

We aim to work in partnership and encourage parents/carers to be involved in their child’s learning and the wider life of the school from the start.

Information is shared with parents throughout the school year in a wide variety of ways and feedback from you is essential in making this a two-way partnership.

We hope that the communication we provide is of value and have prepared an overview of how this will take place over a school session.
